Partnerships

Alstom served as leader of the FRAMECA Consortium that built Metro de Caracas and Line 1 of Metro Los Teques. Alstom also leads the Consortium that currently equips Metro Los Teques Line 2.

Corporate Social Responsibility

La Vultosa social co-responsibility program: supports community initiatives in the areas of health, ecotourism, environmental education and infrastructure in the communities around La Vultosa project. This voluntary contribution is a pioneer in Venezuela, setting a precedent that was later incorporated into procurement policies in other areas.

Delta Warao Project: Creation of an experimental Learning Centre for the implementation of Health, Environment and Sustainable Development educational programmes. In partnership with Biomedicine Institute, Association for Dermatology Investigation, Foundation for Sustainable Development AGUAS VIVAS, Venezuelan Eco citizens ECOVEN and the Office National des Forêts (France). Under the promotion of Laureate Dr. Jacinto Convit (Biomedicine Institute): Prince of Asturias Award 1987 and French Legion of Honour 2011. Alstom Foundation Project 2009-2011.
