1.3. Unless otherwise notified in writing by ALSTOM to Supplier, commencement of any work specified in the Order by Supplier on behalf of ALSTOM shall be authorized by ALSTOM only through the issuance of Orders.

1.4. Supplier’s written acknowledgement of an Order or Supplier’s commencement of work specified in the Order implies acceptance by Supplier of the terms and conditions contained in the Order. ALSTOM is not obligated to compensate Supplier in the event that Supplier commences performance of such work without ALSTOM’s express written authorization.

1.5. No terms, conditions, exceptions or clarifications stated by Supplier verbally or in its proposal or in accepting or acknowledging these GPC or an Order shall be binding unless expressly agreed in writing by ALSTOM and stated in such Order.

For purposes of these GPC and Orders, “Affiliates” means companies placed directly or indirectly under the same superior direction, and any company holding at any time during the duration of an Order a majority in these companies, either by owning a majority of the shares combined with voting rights or by exercising a control in another way than by owning shares in the concerned controlled companies.

1.7. ALSTOM and Supplier shall bear their respective costs related to execution of Orders.

3. **Flow-Downs**

4. **Supplier Representations**

4.1. Supplier warrants and represents that it: (i) has examined the documents comprising an Order, including, without limitation, these GPC, and the requirements set forth therein and all other requirements from governmental agencies having jurisdiction over Supplier and the work to be performed by Supplier under the Order, and (ii) is authorized and capable of performing all the work and complying with all those requirements.

7. Taxes
Supplier shall be responsible for payment of all taxes, duties, levies and charges of whatsoever nature or kind in respect to delivery of Deliverables. Supplier shall pay and hold ALSTOM harmless from any such taxes (including penalties and interest) of any taxing jurisdiction which Supplier is required to pay.

8. Insurance

8.2. With exception of Workers’ Compensation, Employer’s Liability and Professional Liability, ALSTOM, its directors, officers, employees, agents, parents, Affiliates and legal entities shall be included as Additional Insureds. Insurers affording any of the insurance required herein, including any and all deductibles or self-insured retentions, must waive, or caused to be waived, any and all rights of subrogation which might now or hereafter exist against ALSTOM, its directors, officers, employees, agents, parents, Affiliates and legal entities to the fullest extent permitted by law.

8.3. Supplier shall provide ALSTOM with satisfactory evidence of minimum coverage required herein by providing a Certificate of Insurance along with copies of Additional Insured and Waiver of Subrogation endorsements at the coming to effect of an Order and upon applicable insurance policy renewal periods.

8.4. Insurance required herein shall not be canceled or materially changed without reasonable advance written notice to ALSTOM.

9. Confidential Information

9.1. The Parties agree that in connection with an Order, the Parties may obtain and have access to Confidential Information.

9.2. The receiving Party shall use the same degree of care as it uses to protect the confidentiality of its own Confidential Information of like nature, but no less than a reasonable degree of care, to maintain in confidence the Confidential Information of the disclosing Party. The receiving Party shall at all times keep in trust and confidence all such Confidential Information, and shall not use such Confidential Information other than as expressly authorized by the disclosing Party hereunder, nor shall the receiving Party disclose any such Confidential Information to third parties without the disclosing Party’s written consent.

9.3. The receiving Party agrees not to use any Confidential Information for any purpose except to evaluate such Confidential Information or engage in discussions with the disclosing Party.

9.4. The receiving Party shall not reverse engineer, disassemble, or decompile any prototypes, software or other tangible objects which embody Confidential Information.

9.5. Except as set forth in Section 9.11, the receiving Party shall not disclose any Confidential Information to any person or entity other than those officers, directors, employees, advisors, consultants and financial institutions (“Representatives”) of the receiving Party who are required to have the information in order to evaluate such Confidential Information or engage in discussions with the disclosing Party.

9.6. The receiving Party agrees to inform its Representatives of the confidential nature of Confidential Information. The receiving Party is responsible and liable for any breach of these confidentiality terms by any of its Representatives.

9.7. The receiving Party shall immediately notify the disclosing Party upon discovery of any loss or unauthorized disclosure of Confidential Information.

9.8. A Party’s Affiliate, by virtue of its involvement in such Party’s performance hereof, may receive Confidential Information from the other Party and/or other Party’s Affiliates. Therefore the receiving Affiliate is automatically tacitly considered as having knowledge of the foregoing confidentiality terms and tacitly agreed to comply therewith. A Party disclosing Confidential Information to its Affiliates is responsible to inform such Affiliates of the terms of confidentiality contained herein and to bind the latter by written acknowledgement and agreement to comply with such terms. The receiving Party is responsible and liable for any breach of these confidentiality terms by any of its Affiliates and its Affiliates’ Representatives.

9.9. Any Confidential Information or data in any form transferred by one Party to the other Party shall be governed by these GPC even if it is not specified.
9.10. The foregoing confidentiality obligations do not apply to information which: (i) has entered the public domain, except where such entry is the result of the receiving Party’s breach hereof; (ii) prior to disclosure hereunder was already rightfully in the receiving Party’s possession; or (iii) subsequent to disclosure hereunder is obtained by the receiving Party on a non-confidential basis from a third party who has the right to disclose such information to the receiving Party.

9.11. The receiving Party will be authorized to disclose Confidential Information pursuant to a valid order issued by a court, government agency or relevant regulatory authority (including a stock exchange), provided that the receiving Party provides where practicable: (i) prior written notice to the disclosing Party of such obligation and (ii) the opportunity to oppose such disclosure.

9.12. In the event that the receiving Party becomes legally compelled (by oral motion, interrogatory, request for information or documents, subpoena, civil investigation, demand or similar process) to disclose any Confidential Information, or to take any other action prohibited hereby, the receiving Party shall provide the disclosing Party with prompt written notice of such request so that the disclosing Party may seek a protective order or other appropriate remedy at its expense. In the event that such protective order or other remedy is not obtained, then the receiving Party shall furnish only that portion of Confidential Information or take only such action as advised by counsel that it is legally required to do. In all events, the receiving Party shall use its commercially reasonable efforts to obtain reliable assurances that confidential treatment will be accorded any Confidential Information so furnished. Confidential Information disclosed pursuant to this Section 9.12 shall remain Confidential Information, and except for such limited compelled disclosure, all obligations of the receiving Party hereunder shall remain in full force and effect.

9.13. All Confidential Information in the possession of the receiving Party shall be and remain the property of the disclosing Party.

9.14. At any time during the term of an Order, or thereafter, the disclosing Party may request return or destruction of Confidential Information, including all formats and copies thereof. Within thirty (30) days of such notice the receiving Party shall promptly return or destroy such Confidential Information, with any such destruction certified in writing.

9.15. For purposes of these GPC and Orders: (i) “Confidential Information” means any information or data, irrespective of such information or data being labeled or identified as “confidential”, including but not limited to any commercial, administrative or technical information, including information considered integral to a Party’s competitive advantage, or any information connected or not to intellectual and/or industrial property rights of any kind, and related (wholly or in part) to, without limitation, either of the Parties, their Affiliates, or any of their products or businesses, suppliers, organizations, personnel, operations, facilities, assets, financial conditions or results, rights, obligations and liabilities, as well as design, engineering, manufacture of products, Samples, processes and services, irrespective of the way such information are disclosed, whether in oral, documentary, magnetic, electronic, graphic or digital form, including, without limitation, designs, drawings, photographs, circuits, calculations, measurements, techniques, processes and information learned by the receiving Party from inspection of Samples and site visits, or in a general manner, any means of disclosure of such Confidential Information, regarded or qualified as such by the Parties or their Affiliates, or which would be reasonably considered as such; and (ii) “Samples” means any components, tooling, patterns, molds, jigs and fixtures or accessories provided by a Party for the performance of obligations hereunder.

10. Intellectual Property Rights

10.1. Each Party attests that it is owner of or has full rights to Intellectual Property used in performance of an Order. For purposes of these GPC and Orders, “Intellectual Property” means all rights and interests held or otherwise controlled by Supplier or subcontractors of Supplier worldwide in and to any and all: (i) patent applications and patents; (ii) proprietary knowledge, data and trade secrets; (iii) engineering data and information; (iv) software and systems; (v) copyrights and works of authorship; (vi) drawings, designs, specifications and notes; and (vii) other works prepared, developed or acquired in performance of any work or services under Orders.

10.2. Each Party shall indemnify and hold harmless the other against third party claims for infringement or misappropriation of Intellectual Property rights.

10.3. If such brought claim is upheld in a court of competent jurisdiction the infringing Party shall reimburse the other for costs in defense of it.

10.4. To the extent possible, the infringing Party shall remedy the infringing item to allow for continued performance of an Order, and shall bear such related costs.

10.5. Supplier agrees to indemnify and to save ALSTOM, its officers, agents, employees and vendees harmless from any and all loss, expense, damage, liability, claim or demand either at law or in equity for actual or alleged infringement of any Intellectual Property arising from the purchase, use or sale of materials or articles required by an Order, except where such infringement or alleged infringement arises by reason of designs for such materials or articles originally furnished to Supplier by ALSTOM.

10.6. The Party having ownership or rights to Intellectual Property at the coming to force of an Order shall perpetually retain such ownership or rights.

10.7. Supplier shall grant to ALSTOM, its Affiliates, partners and Customers, the right to use and exploit Supplier Intellectual Property or rights to Intellectual Property on Deliverables used in end-products; such grants shall be paid up, free of charge, royalty free, irrevocable, perpetual, unlimited, non-exclusive, worldwide, and except for ALSTOM, its Affiliates, partners and Customers, non-transferable and non-assignable.

10.8. ALSTOM shall be sole, exclusive and perpetual owner of any designs or any other Intellectual Property which is developed by Supplier at ALSTOM’s request during the performance of an Order.

11. ALSTOM’s Property
11.1. ALSTOM may, but is not required to, furnish from time to time, tools, equipment or materials to Supplier for the performance of Orders, and all such tools, equipment or materials of every description so furnished to Supplier by ALSTOM or acquired by Supplier and paid for by ALSTOM, and any replacement thereof, or any materials affixed thereto, ("ALSTOM’s Property"), shall be and remain the personal property of ALSTOM.

11.2. Supplier shall not substitute any property for ALSTOM’s Property and shall not use such property for any other purpose than the performance of an Order or as otherwise instructed by ALSTOM.

11.3. Such ALSTOM’s Property, while in Supplier’s custody or control shall be: (i) conspicuously labeled by Supplier as ALSTOM’s Property; (ii) held at Supplier’s risk; and (iii) kept insured by Supplier at Supplier’s expense in an amount equal to the full replacement cost with loss payable to ALSTOM.

11.4. Data, drawings, tooling, patterns, materials, specifications and any other goods or information supplied to Supplier hereunder are the property of ALSTOM and must be returned upon completion, termination or cancelation of an Order or upon request of ALSTOM.

12. Liability for Damages and Personal Injury

12.1. Supplier hereby assumes responsibility for any and all bodily injury (including death) to all persons, whether employees of Supplier or otherwise, and damage to all property, to the extent that such damage or injury is caused by results from, arises out of, or occurs in connection with Supplier’s execution of an Order.

12.2. Supplier shall defend, indemnify and save harmless ALSTOM from and against any and all claims, damages, losses, liabilities, injuries, costs and expenses (including reasonable attorneys’ fees and disbursements) arising out of or resulting from Supplier’s performance of or failure to perform an Order to the extent that such claim, damage, loss, liability, injury, cost and expense is caused by any act or omission, including negligence, of Supplier or anyone directly or indirectly employed by Supplier or anyone for whose acts Supplier may be liable for.

12.3. The limitation of Supplier’s total liability to ALSTOM shall be set forth in Orders or in Specific Agreements, or in the absence of a specific limitation, 100% of Order Amount, and such limit shall not apply to: (i) fraud, willful misconduct, gross negligence of Supplier or its employees, agents or representatives; (ii) indemnification obligation arising from third party claims for damages or destruction of property, personal injury or death, infringement or misappropriation of intellectual property, or any other loss or damage of a third party arising from, or as a consequence of, an act or omission of Supplier; and (iii) breach of any ethics and compliance obligation set forth in ALSTOM’s Code of Ethics or any other confidentiality or warranty obligation.

12.4. Notwithstanding any other provision in these GPC to the contrary, neither Party shall under any circumstance be liable to the other Party for any indirect, incidental, special or consequential damages (including, without limitation, any damages arising from loss of use or lost business, revenue, profits, data or goodwill) arising in connection herewith, whether in an action in contract, tort, strict liability or negligence, even if advised of the possibility of such damages.

13. Compliance with Law

13.1. Supplier shall at its sole cost and expense comply with all applicable Federal, State, municipal and local laws, ordinances, rules, regulations, orders, notices and requirements, and be responsible for and shall correct at its sole expense any violation of any law, ordinance, rule, regulation, order, notice or requirement resulting from or in connection with performance of an Order.

13.2. If Supplier performs work under an Order at ALSTOM’s or Customer’s premises, it shall comply with all environmental, health and safety regulations as ALSTOM or Customer may require.

14. Flexible Scheduling and Delivery

14.1. Flexible scheduling allows the Parties to agree on and establish supply rules and communication methods for their requirements. The intention of flexible scheduling is to create a flow of supply rather than managing through an intermittent series of discrete Orders.

14.2. For purposes of these GPC and Orders, “Schedule Agreement” means established total commitment of Supplier to ALSTOM under an Order; “Material Delivery Schedule” means the schedule for delivery of Deliverables, segmented into multiple rolling horizons; “Firm” means the horizon period during which ALSTOM must accept all material of the types and quantities set forth in the Material Delivery Schedule, provided that the material otherwise complies with Order requirements; “Trade-Off” means the horizon period during which ALSTOM provides Supplier with a forecast of quantities and types of materials that it anticipates will be needed in a subsequent Firm horizon; and “Forecast” means an informational schedule comprised of all or part of ALSTOM’s production program.

14.3. ALSTOM shall issue a first Material Delivery Schedule that incorporates the first Firm and Trade-Off horizon periods. Each subsequent month ALSTOM shall provide Supplier with a new Material Delivery Schedule that extends the previous Firm and Trade-Off horizons by one (1) month.

14.4. Regarding delivery of Deliverables: (i) Deliverables shall be delivered by Supplier in accordance with acceptance of each Material Delivery Schedule, if Supplier fails to provide a written acknowledgement of a Material Delivery Schedule, it shall nonetheless be deemed accepted after fourteen (14) days from its issuance; (ii) Supplier shall maintain accurate control of all Material Delivery Schedules and maintain regular contact with appropriate ALSTOM personnel to verify overall production requirements. Supplier shall immediately notify ALSTOM of any changes or conditions which may affect required delivery dates; (iii) if Supplier deliveries fall behind schedule resulting in use of premium transportation, Supplier shall pay the cost of such premium transportation; (iv) ALSTOM shall return unauthorized over-shipments to Supplier at Supplier’s expense; (v) ALSTOM shall return quality rejected material at Supplier’s expense and such return shall not preclude ALSTOM’s right to enforce any other Section of these GPC; (vi) delays, adjustments or
interruptions to ALSTOM’s production schedule may cause ALSTOM to make changes to the Schedule Agreement, in accordance with Section 18 (Change Orders; Additions and Deletions); (vii) if Supplier makes any material commitments or production arrangements in excess of the amount or in advance of the time necessary to meet the requirements set forth in the Material Delivery Schedule for the Firm horizon, Supplier shall do so at its own risk; (viii) ALSTOM shall have no liability for Supplier’s costs associated with changes to the Trade-Off or Forecast horizons, or for ALSTOM’s decision to not incorporate materials described in the Trade-Off horizon into the Firm horizon; (ix) notwithstanding the foregoing, the total quantity and types of materials set forth in a Schedule Agreement, as may be adjusted from time to time through Change Orders, shall be delivered by Supplier and accepted by ALSTOM if otherwise conforming to Order requirements; and (x) all deliveries shall be subject to ALSTOM’s Supply Chain Manual for Suppliers.

15. Inspection and Quality

15.1. ALSTOM and its Customer shall have the right to visit and inspect any part of Supplier’s process to design and produce Deliverables under an Order, either at Supplier’s facility or Supplier’s subcontractors’ facilities.

15.2. Supplier shall perform in-process and final inspection and testing to ensure that Deliverables conform to required specifications and quality standards. ALSTOM reserves the right to witness any testing and Supplier agrees to keep and make available to ALSTOM upon request adequate quality records which clearly demonstrate Supplier’s inspection and testing of Deliverables prior to ALSTOM and/or Customer performed inspection at Supplier’s facility, and such inspection shall not constitute final acceptance of Deliverables or waive the rights of ALSTOM and/or Customer under this Section 15 or any other Section herein.

15.3. Deliverables will be deemed accepted by ALSTOM thirty (30) days after date of delivery, unless beforehand ALSTOM issues a rejection notice of the Deliverable (“Non-Conformity Event”).

15.4. ALSTOM reserves the right to reject nonconforming Deliverables any time between the date of delivery and the end of the warranty period. In such case, Supplier shall grant to ALSTOM a credit for the full value of the rejected Deliverables and be subject to the provisions in Section 22 (Backcharge).

15.5. Supplier shall maintain a Quality Management System as certified by International Railway Industry Standard (IRIS) or the International Organization of Standards (ISO) 9001; ALSTOM reserves the right to audit Supplier’s quality system.

15.6. Additional inspection may be required due to Supplier technical modifications and/or modifications to the location of the production site, production process, tools, materials and/or subcontractors placed with Supplier’s subcontractors. Supplier shall submit such proposed changes or modifications to ALSTOM for approval at least forty five (45) days prior to their implementation. Failure to so submit such proposed changes or modifications may delay acceptance of Deliverables, and should such delay result in a late delivery, it shall be subject to Section 16 (Liquidated Damages).

16. Liquidated Damages

16.1. If Supplier does not deliver Deliverables in accordance with Order requirements, including meeting the deadlines specified in the schedule set forth therein, save for reasons exclusively attributable to ALSTOM or force majeure events as defined under Section 20 (Force Majeure; Delays and Remedies), ALSTOM may apply liquidated damages for compensation for delay, without any prior notice to Supplier or to any surety.

16.2. Unless otherwise stipulated in Orders, liquidated damages, applicable in the event of a delay by Supplier, shall be calculated at the rate of one percent (1%) of the Order Amount, excluding taxes, per week of delay or part thereof.

16.3. For avoidance of doubt, liquidated damages provided under this Section 16 are not intended to fully compensate ALSTOM or liquidate Supplier’s liabilities for costs or damages incurred by ALSTOM resulting from Supplier’s failure to comply with other obligations under these GPC and Orders, or third party claims related to such Supplier’s failure. Further, such liquidated damages are not in lieu of any termination or other express rights of ALSTOM as set forth in these GPC. Such liquidated damages shall otherwise constitute ALSTOM’s sole right to damages for delivery delays.

16.4. The Parties agree that payment of such liquidated damages will not relieve Supplier of its obligations under these GPC and Orders, and that subject to the foregoing, this Section 16 is without prejudice to any other indemnities to which ALSTOM is entitled under these GPC.

16.5. The Parties further agree that the extent of damages that would result from such delay would be uncertain in amount and difficult to ascertain and that such liquidated damages are not a penalty and represent their genuine mutual pre-estimate of the particular damages ALSTOM would incur as a result of the occurrence of such delay.

16.6. The remedy provided for by this Section 16 is cumulative with and in addition to all other rights ALSTOM has hereunder and all other remedies to which ALSTOM is entitled at law or in equity in respect of facts, circumstances, events or occurrences other than delays described in this Section 16.

16.7. Liquidated damages payable pursuant to this Section 16 may be retained by ALSTOM from and may be offset by ALSTOM against monies due or to become due to Supplier, and if none, or if the remaining monies to become due are less than the outstanding amount of the liquidated damages, ALSTOM shall invoice Supplier for the remaining amount which becomes due and Supplier shall pay such invoice upon demand.

17. Warranty

17.1. Supplier warrants that all Deliverables shall: (i) contain new materials; (ii) be defect free; (iii) comply with these GPC and Order requirements, including its Appendices; (iv) be produced by trained, capable personnel; (v) be produced by capable, controlled machines, systems and processes; (vi) comply with applicable laws and regulations; and (vii) in lieu of explicit Order requirements, comply with commercial engineering, quality, manufacturing, packaging and logistics practices.
17.2. Supplier shall, at ALSTOM’s sole discretion, repair or replace any Deliverable or component part thereof found not to be in conformity with Order requirements, provided that ALSTOM notifies Supplier of such nonconformity within twenty four (24) months from the date on which ALSTOM’s system, or set or product which incorporated the Deliverable is put into service, and a maximum of thirty six (36) months from ALSTOM’s receipt of the Deliverable.

17.3. Should Supplier not respond within twenty four (24) hours of ALSTOM’s notice of such nonconformity, unless otherwise stated in ALSTOM’s notification, ALSTOM shall repair, scrap or replace the Deliverable and debit Supplier’s account in accordance with Section 22 (Backcharge).

17.4. In addition and at any time if Deliverables used under normal operating conditions suffer from an excessive level of similar defects, as determined by ALSTOM and/or the Customer, Supplier shall promptly and at its expense: (i) diagnose the source of the failure; (ii) provide ALSTOM with a corrective and curative action plan; and (iii) implement said plan as directed by ALSTOM.

17.5. For Deliverables that have been replaced or repaired, either by ALSTOM or Supplier, the warranty period stated under Section 17.2 shall restart when ALSTOM receives the replaced or repaired Deliverables.

17.6. Supplier shall defend, indemnify and hold ALSTOM harmless from the consequences of any breach of the warranty provided by this Section 17, which shall not be to the exclusion of any other remedy provided to ALSTOM by these GPC or at law.

18. Change Orders; Additions and Deletions

18.1. ALSTOM may at any time during the performance of an Order require any change to an Order without obligation to give notice to any surety. Supplier shall execute the change as directed in writing by ALSTOM pursuant to change of orders (each, a “Change Order”).

18.2. Supplier shall be entitled to an equitable adjustment in Order Amount and/or Material Delivery Schedule caused by a Change Order, provided Supplier submits such request for equitable adjustment within fifteen (15) days after issuance of such Change Order by ALSTOM.

18.3. Supplier requests for equitable adjustment shall include detail and supportable rationale sufficient for ALSTOM to make quantitative and qualitative assessments as to the fairness and reasonableness of such requests.

18.4. The Parties shall negotiate in good faith to determine a fair and reasonable equitable adjustment to the Order Amount and/or Material Delivery Schedule.

18.5. If Supplier is unwilling or unable to perform a Change Order within a reasonable period of time, ALSTOM shall have right to perform it or cause it to be performed without consideration due to Supplier.

19. End-Product Service Life

19.1. Orders shall be structured to ensure a continuous and uninterrupted supply of Deliverables over the service life of the end-product (“End-Product Service Life”), typically thirty (30) years or longer, which may include but not limited to performance security instruments, spares and/or consignment stock.

19.2. Supplier shall maintain capability to produce and deliver Deliverables over the applicable End-Product Service Life.

19.3. Supplier shall retain Order records over the applicable End-Product Service Life.

19.4. Supplier shall promptly inform ALSTOM of any actual or potential disruption of Deliverables over the applicable End-Product Service Life, as may be caused by but not limited to: (i) obsolescence; (ii) discontinuance of operations; and (iii) bankruptcy.

19.5. The Parties shall cooperate to resolve such End-Product Service Life disruption instances.

20. Force Majeure; Delays and Remedies

20.1. If the performance of an obligation hereof is prevented, restricted or delayed by a cause of force majeure, such as any act of God, the public enemy, any delay in acting or failure to act of any governmental agency or authority, fire, flood, epidemic, quarantine, freight embargo, terrorism, war, insurrection, riot or other such similar circumstances beyond the reasonable control of a Party, such performance shall be amended accordingly, providing the Party affected by a force majeure event shall promptly inform the other Party in writing and shall take all reasonable steps to mitigate the consequences of such situation, in particular to avoid or limit any delay to the Material Delivery Schedule.

20.2. Whenever any actual or potential labor dispute delays or threatens to delay timely performance of an Order, Supplier shall immediately give notice to ALSTOM.

20.3. The obligations and rights of the defaulting Party shall be extended for a period of time equal to the period during which such event prevented such Party’s performance.

20.4. The Parties shall cooperate to develop and execute a recovery plan in such cases.

21. Export Control

21.1. In performing their respective obligations under these GPC and Orders each Party shall comply with United States export control and asset control laws, regulations and orders, including sanctions and embargos, as they may be amended from time to time, applicable to the export or re-export of goods or services, including software, technology, processes or technical data.

21.2. Such regulations include without limitation: (i) Export Administration Regulations (EAR); (ii) International Traffic in Arms Regulations (ITAR); and (iii) regulations and orders administered by the Treasury Department’s Office of Foreign Assets Control (OFAC).

21.3. The Party conducting an export or re-export as defined in such laws, regulations and orders shall be responsible for obtaining the required authorizations. Each Party shall reasonably cooperate with and exercise reasonable efforts to support the other Party in obtaining any necessary license or authorization required to perform its obligation under these GPC and Orders.

22. Backcharge
22.1. Without waiving any of its rights under Section 25 (Termination for Default) or Section 26 (Termination for Convenience), in the event that ALSTOM rejects Supplier's Deliverable in accordance with Section 15 (Inspection and Quality), in accordance with ALSTOM's Supplier Quality Manual, ALSTOM shall be entitled to recover from Supplier any and all costs incurred by ALSTOM as a result of such rejection, which shall include a minimum administrative fee of not less than five hundred (500) USD per Non-Conformity Event, and such fee shall not be considered as a sole remedy for Supplier's default and is without prejudice to any other remedies available to ALSTOM.
